WHY CHOOSE COLOUR BODY PORCELAIN TILES ?

1 ENHANCED DURABILITY

With A Thickness Of 10mm, Our Tiles Offer Greater Strength Compared To The Standard 8mm Tiles, Making Them More Resistant To Wear And Tear. This Ensures A Longer Lifespan, Even In High-traffic Environments. The Higher Thickness Reflects The Additional Strength And Quality Compared To Regular Porcelain Tile Boxes.

COLOUR CONSISTENCY & ELEGANCE 2

Crafted Using Colour Body Powder Clay, These Tiles Maintain A Consistent Colour Throughout The Tile Body, Unlike Regular Tiles That Use Standard Clay. This Technique Enhances The Overall Visual Appeal By Providing A Luxurious Finish, Ensuring The Tile Remains Timeless Even After Decades Of Use.

3 SUPERIOR STRENGTH

These Tiles Are 3 Times Stronger Than Regular Porcelain Tiles, Offering Superior Durability And Structural Integrity. They Are Engineered To Minimize Deviations In Size, Surface Imperfections, And Other Common Manufacturing Defects, Ensuring A Flawless Finish.

CUSTOMIZABLE AESTHETIC 4

Available In 5 To 6 Different Shades Per Design, Our Collection Gives You The Flexibility To Choose Colours That Best Fit Your Design Preferences, Allowing For Personalized And Customized Interiors That Stand The Test Of Time.

WHY THIS PRODUCT STANDS OUT

- The Extra Thickness **(10mm Vs 8mm)** Adds Not Only To The Tile's Strength But Also To Its Resistance To Damage Over Time.
- Minimal Imperfections In Production Ensure The Best Visual Appeal And Functionality.
- The Availability Of Multiple Shades Per Design Offers You The Freedom To Tailor Your Choice To The Specific Needs Of Each Project.

At **ArteLusso**, We Believe In Offering Products That Not Only Meet But Surpass Expectations. Our New 10mm Colour Body Porcelain Tiles Exemplify This Belief, Bringing You The Perfect Blend Of **Strength, Style, And Enduring Elegance**. We Invite You To Explore This Collection And Experience The Next Level Of Premium Tile Design For Your Projects.

OUR COMMITMENT TO SUSTAINABILITY

At **Arte lusso**, we are deeply committed to protecting the environment and ensuring that our processes contribute to a greener future. As an eco-friendly company, we take proactive steps to reduce our environmental impact. We regularly organize tree plantation programs to give back to nature and create a more sustainable ecosystem. Furthermore, we comply with all applicable environmental regulations at the national and regional levels, continuously evaluating and managing the environmental impacts of our activities. Our ongoing dedication to sustainability drives us to adopt environmentally responsible practices that ensure both our products and processes are as sustainable as possible.
